GATHERING OF YOUTH & ADULT
COMMUNITY LEADERS FOCUSED ON
CONNECTING THE DOTS BETWEEN SOCIAL
JUSTICE ISSUES & CLIMATE CHANGE.

We will explore how climate change impacts our food, water, energy, housing, transportation, health and economy in NC. And we will discover ways to strengthen our community resilience in the face of these impacts. Together, we will name the core problems and identify emerging solutions. Together, we will build new connections and skills that will support us to create the future we want now!

IT IS TIME TO BUILD OUR RESILIENCE.
IT IS TIME TO RESIST, REFORM, RE-IMAGINE AND RE-CREATE.
IT IS TIME FOR THE **NC CLIMATE JUSTICE SUMMIT**.
