

PORCH PARTY FOR THE *planet*

When: Friday, Sept. 6th at 1 pm

Where: **The Outpost**, 306 E. Hargett St., Raleigh, NC

Hosts: Environment North Carolina, NC League of Conservation Voters, NC Interfaith Power and Light

It's summer time in North Carolina. That means beach time, porch parties, and flip flops. But when it comes to protecting North Carolina from rising seas, heat waves, and dirty air, our **U.S. Senators Tillis and Burr** have been total flops.

Come sign our petitions telling Sens. Burr and Tillis to **#ActOnClimate** and support a 100% clean energy economy by 2050 - and have fun in the process.

Open bar until the tab runs out, free food, and entertainment provided.
